

DuraVision™ Convex Mirror Product Sheet:

Economy Flush Fit Wall Mirror

The Economy Flush Fit Wall Mirror is a cost effective way to achieve a wide area view of an entire room. This compact design can be screwed flat against the wall, making this a more suitable option when there is little room for brackets to extend. The specially designed curve gives maximum reflection without distortion.

Features

- 2mm acrylic mirror face
- Pure reflective coating
- Cost Effective
- Lightweight
- Easy to install
- Dome Capped Screws Included

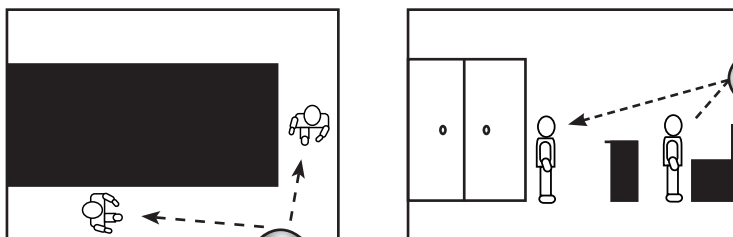

Suitable Uses

- Retail and store security
- Low ceiling areas
- Compact wall space areas
- Office security
- Reception areas
- Visitor detection
- Other indoor observation uses
