

DuraVision™ Convex Mirror Product Sheet:

Outdoor DeLuxe Stainless Steel

The unbreakable Deluxe stainless steel convex mirror is tough and durable and can withstand extreme weather conditions. The shallower curve of the mirror face means you can observe high speed traffic more safely without risk of damage from projectile objects such as rocks or vandalism. The Deluxe model can be strategically positioned anywhere a driver's field of vision is obstructed, such as blind corners, a concealed entry or exit and hard to see intersections. The galvanised steel clamp bracket is designed for pole mounting. A wall mounting adaptor is also available to fix the mirror to a flat surface.

Features

- 304 grade 18 gauge stainless steel mirror face
- Large radius of curvature for minimum distance distortion
- PVC Celuka back
- Orange powder coated steel hood
- Orange vinyl extrusion
- Outdoor strength pole mount fittings to fit 75mm dia. pole
- Wall mounting adaptor available for clamp style bracket

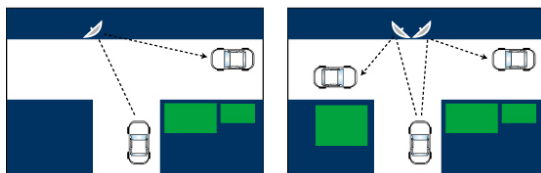

Suitable Uses

- Road and Traffic Safety
- Extreme Weather Conditions
- Coastal Environments
- Driveways and Carparks
- Outdoor Security around Buildings
- Security Checkpoints and Border Control
